

A map showing a park area. A large green polygon represents the park. A blue line represents a river or stream, flowing from the top left towards the bottom. A grey line represents a road or path, running horizontally across the top and then curving to the right. A legend in the top right corner identifies the colors: a blue square for 'Playground' and a yellow square for 'Trail'. The green area is irregularly shaped, with a small rectangular extension at the top. The blue line is wavy, and the grey line is composed of several segments.
